### 1. Introduction

This course is a three-week summer intensive course designed for foreign students who have no or little background of learning Korean. The classes are held for 3 hours per day online from July 5(Mon) through July 23(Fri).

This course consists of 2 parts. In the 1st part, for about 1/3 of the total class hours, this course will introduce Korean alphabets ‘Hangeul’ focusing on the phonetic value of each letter and characteristics of syllable structure. In the 2nd part, this course will focus on providing students with a foundation for acquiring their basic Korean language skills using grammar and vocabulary. Also, students will learn to improve their communication skills with familiar topics in daily life such as greetings, self-introduction, and daily activities etc. Students are also expected to raise their understandings to Korean culture through their language experience in class.

### 2. Course Objectives

The objective of the course is to master Korean alphabets and to help students obtain a beginning level of Korean communication skills necessary for daily life in speaking, listening, reading, and writing. Therefore, by the end of the course, students are expected to be able to achieve as follows.

- 1) Students can recognize basic words and expressions.
- 2) Students can express their simple ideas using basic level of grammar and vocabulary in speaking and writing.
- 3) Students can exchange information about familiar topics covered during the course.
- 4) Students will be able to present basic information on personal and familiar topics.

### 3. Class types and activities

Basically, class will be delivered **online mixed with live and video recorded lecture**. On the 1st day of the course, a short class survey will be conducted and according to the result, I will decided the number of the live and recorded lecture a week.

During the 1st session of learning Korean alphabets, students will be more engaged in simple activities to get familiar with the phonetic value of Korean alphabets. However, during the 2nd session after learning Korean alphabets, students are required to participate more actively in class activities and demonstrate their understanding on Zoom.

#### 4. Teaching Method / Support System in Use / Teaching tools

Since this is online course, most of the lesson will be delivered either live on Zoom or recorded lecture using instructor-produced class materials. The supplementary materials for students will be uploaded on Ajou Bb in advance. The homework assignment will be also announced and uploaded on Ajou Bb. Therefore, students need to visit Ajou Bb on a regular basis and be careful not to miss information updated regarding the course.

Students who want to practice more before or after the lesson can visit the homepage of ‘Sejong-Nuri Institution’ and view the other materials uploaded there too.
